**PRICES LESS BUT
LOSSES ARE SMALL**

New York, N. Y., Oct. 7.—The opening prices on the stock exchange today were somewhat below yesterday's although the losses of the more active issues were not large.

An inquiry for Reading which lifted it to a half point above yesterday's closing prompted an upward movement in the general market. This was terminated by the unloading of large blocks of United States Steel, which gave way from 53 1/2 to 52 1/2. Another unsettling influence was the sensational decline in Allis Chalmers 5 percent bonds, which opened 5 1/2 points lower at 40 and receded to 39. The common stock yielded 1 1/2 and the preferred 3/4 to 3 1/2. The market closed firm.

Purchases to cover with pool manipulation of various specialties turned the course of prices upward again and best figures of the session were reached. The effect of the slump in the Allis Chalmers securities was offset by a further fall in the common stock to two, a loss of 3 1/2. American Tobacco Pfd. and affiliated issues were notably strong and there was a continuance of the recent effective buying of American Beet Sugar and American Telephone.

**WHEAT OPENS FIRM
BUT SOON DECLINES**

Chicago, Ill., Oct. 7.—With the weather more favorable in the north-west wheat today, although firm at the outset, appeared later to be more inclined to a downward slide. Opening prices were a shade to 1/4 higher, but then receded to 97 1/2.

The close was steady with December at 97 1/2, a net loss of 1/4 to 1/2. Prospects of clearing weather made the corn crowd almost unanimously take the bear side. December opened 1/4 to 1/2 off at 43 1/2 to 43 3/4 and fell to 43 1/4.

Data suffered from the weakening influence of corn. December started a shade higher at 48c, but was pulled back to 47 1/2.

The market for provisions took an upward turn. First sales were 2 1/2c to 5c higher with January at 88.57 to 88.59 for lard and 85.75 to 85.77 for ribs. There was no trade in pork.
